1st September 2015

Dear Sir or Madam

Ref – Ongoing works outside Hooters

Firstly I'd like to apologies for the disruption caused during the excavation of a low voltage electricity fault outside Hooters on Tuesday 25th August 2015. Due to the location of the fault it was necessary under the advisement of Nottingham City Council to carry out the works during a lane closure between the hours of 7pm and 6am. National Grid Gas has requested to inspect the works that were previously carried out near their underground assets and we will be excavating to facilitate this on Wednesday 2nd September 2015 from 7pm until 12am. These works will then require permanently re-instating on Sunday 6th September 2015 during the hours of 9am to 6pm.

Western Power Distribution apologise for any inconvenience this may cause whilst these essential works are completed. If you have any queries or need further information please contact 01158 504279

Yours Sincerely

Joe Wright

Nottingham City Manager
